

AQUALANCHE™

COMPLETE BUCKET AND RETROFIT OPTION

MULTIPLE WATER DROP CAPABILITY FOR SMALLER HELICOPTERS

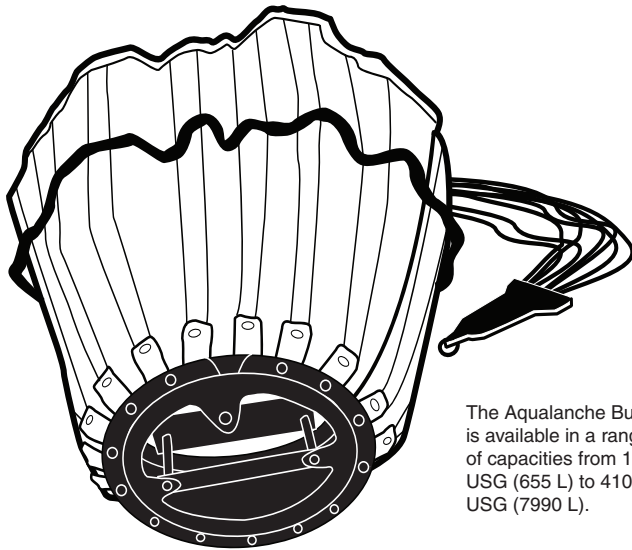

Multi-drop Capability. One of the latest additions to the Bambi family, the Aqualanche bridges the gap between the Bambi Bucket and the Torrentula. Medium sized helicopters can now have the precision of multiple dump capabilities along with the low power requirements of the Bambi Bucket.

- Available as:
- A complete bucket including Aqualanche valve
 - A retrofit kit to upgrade Bambi Bucket models BB1518 to BB4453

TOP FEATURES

- Variable Dump Capability – unlimited adjustable drop control.
- Retrofittable – add the Aqualanche Valve to your existing Bambi Bucket.
- Low power requirements.

The Aqualanche Bucket is available in a range of capacities from 170 USG (655 L) to 410 USG (7990 L).

COMPLETE BUCKET SPECIFICATIONS

Model/Part Number	Capacity		Gross Weight		Empty Weight	
	USG	Liters	Lbs.	Kg.	Lbs.	Kg.
